RNAO NP RESEARCH CHAIR

Sustainable Development Goals and the Quadruple Aim

Each of the six Research
Spokes represents a priority
area of research led by an NP
Research Lead working with
other members of a research
team conducting research in
one of the priority areas.

Joint appointment with partnering university

Thank you to NP Research Chair Academic Advisory Committee of Ontario Nursing Deans and Directors

- Dr. Victoria Smye Chair (Western University)
- Dr. Sandra Carroll (McMaster University)
- Dr. Maher Elmasri (Ryerson University)
- Dr. Roger Pilon (Formerly Laurentian University)
- Dr. Debbie Sheppard-Lemoine (University of Windsor)
- Dr. Shahirose Sadrudin Premju (York University)

The Research Chair, at the Hub of the model, is a PhD prepared NP Researcher with knowledge and skill to oversee a robust program of research and work with NP Research Leads of each of the priority areas of research.
